## GLAD TO ENDORSE THE NEW REMEDY

Well-Known Washington Lady Is Praising Plant Juice to All of Her Friends.

"In olden days people were more careful of their digestive organs than now, and in this way they kept close to nature, learned the value of many of nature's medicinal herbs and plants, and used these herbs with their food," stated The Plant Juice Man, who has his headquarters at the People's Drug Store, corner of Seventh and E streets northwest. "Today, the average man does not know of these herbs, but he does know that Plant Juice is a concentrated extract of them, and that it is the one aid for all stomach, liver and kidney troubles, superinduced by the rapid method of living prevalent among all classes of today. Thousands have been benefited from the use of Plant Juice. In every city where it has been introduced, in Washington Plant Juice is duplicating its success as in other cities, and I am daily in receipt of signed statements testifying to the benefit received from sufferers of long standing cases of stomach, liver and kidney troubles."

Recently, Mrs. E. B. Biggs, of No. 1229 Eleventh street northwest, a popular Washington lady who has many friends and acquaintances, gave the following: "I have suffered untold agony for three years with my stomach; everything that I ate would ferment and cause gas to form; I was afraid to eat any solid food and didn't eat an apple, orange or drink coffee for over three years; I was always bothered with my liver, and had headaches and dizzy spells; my kidneys were affected and I had terrible pains through my back. I was constipated and had to take some laxative all the time, which gave me no permanent benefit. I heard so much about Plant Juice that I decided I would try it; now I am able to eat anything I want and do not suffer any distress after meals; I sleep well, and have had no further trouble with my liver or kidneys; all my aches and pains have left me and I am glad to give this public endorsement for Plant Juice."

The Plant Juice Man is at the People's Drug Store, corner of Seventh and E streets northwest, Washington, where he is daily meeting the local public, and introducing and explaining the merits of this remedy.—Adv.
